

## **Lots of opportunities within TUI**

My name is Natalie, I am German and joined the TUI Trainee Programme in October 2009. I found the TUI trainee scheme appealing because of the great diversity of the assignments and the possibility to tailor-make the course of your career path. Whatever one is interested in, there are a lot of opportunities within TUI, no matter which department, country or type of project one is looking for.

Furthermore, I wanted to be part of the group of trainees coming from all over the world to work for TUI and to share experiences and learning outcomes of their individual trainee schemes with each other. I started off in the specialist sector in the Crawley office working on a business
