

## Enjoying the diversity of the TUI family

My name is Olga Kaidala, I am a 25 year old Belarusian, and I started the TUI Trainee programme in April 2009. At the moment I am on my penultimate assignment at the A&D office in Palma, Strategic Projects department. My journey as a trainee took me everywhere from UK and Germany to Poland and Spain. I think the major strength of the programme is its ability to give trainees an opportunity to truly experience the full spectrum of different activities, departments, countries and cultures which tourism industry has to offer. The main reason to choose a life of a Trainee in TUI was simple – it suited to my lifestyle very well. Travelling is a vital part of my life:

*Olga Kaidala*  
*TUI International Management Trainee*

so far, I've managed to visit several countries in Europe, as well as Russia and US. However, my plan is to see a lot more, and this is where the programme luckily supports my intentions. It is the diversity of the TUI family that I really enjoy!
