

# **PRE-EXPERIENCE MASTER PROGRAMMES**

Frankfurt School

# FRANKFURT – A WORLD OF OPPORTUNITIES

## Frankfurt School German Excellence. Global Relevance.

Frankfurt School of Finance & Management is an AACSB, AMBA and EQUIS-accredited private business school. Our mission is to enable individuals and organisations to flourish and grow. We are a vibrant community, committed to developing lifelong partnerships and to creating new perspectives in finance and management for a sustainable future.

Frankfurt School was creatively designed to encourage and foster productivity by providing you with state-of-the-art facilities, an optimal learning environment and ideal networking conditions. With its solar panels providing the campus with up to 57,000 kWh per year, a wind turbine on the roof generating approximately 10,000 kWh per year and 4 beehives onsite producing 20 kg of honey each year, Frankfurt School's modern campus meets the highest standards regarding eco-balance and responsible use of resources.

## The place to be

Frankfurt am Main is a breath of fresh air, especially for finance and business professionals. Boasting an impressive skyline, it is home to the European Central Bank headquarters, Germany's largest stock exchange 'Deutsche Börse' and some of the world's most famous trade shows. Frankfurt attracts thousands of ambitious professionals each year.

Frankfurt is also a vibrant international city with many events and opportunities for socialising and entertainment. With a wide range of bars and clubs and an impressive amount of green areas, visiting parks, going for bike rides, relaxing on the river Main, going to festivals and visiting the English theatre are just a few of the many ways to enjoy Frankfurt.

# CAREER SERVICES

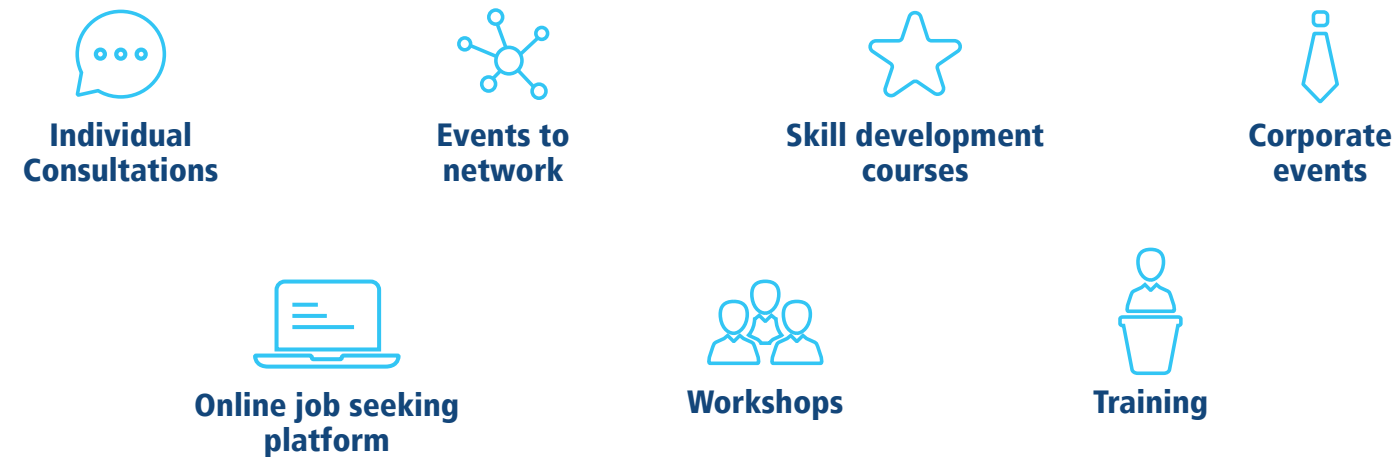

**+** Learn more  
[fs.de/career-services](https://fs.de/career-services)

## We focus on careers

Frankfurt School Career Services (CaS) is the gateway between your academic activities and the job market. Working closely with students and businesses, we provide platforms that keep information flowing smoothly between Frankfurt School students and alumni as well as existing and prospective employers. CaS offers a variety of services to support students throughout their study programme and beyond.

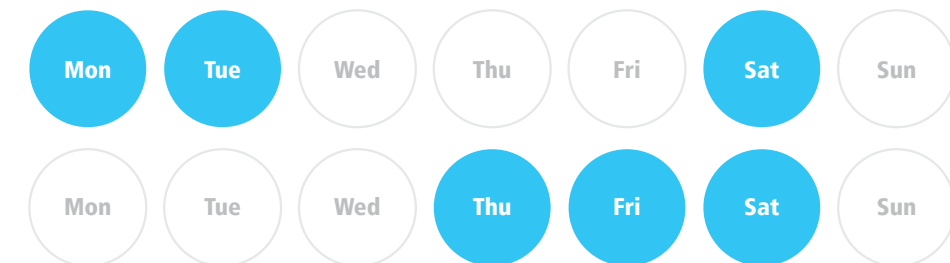

## Career Day

For our Career Days on campus, FS usually welcomes over 100 companies on campus giving you the opportunity to meet a number of potential employers and broaden your network. Our latest Career Day took place online in early November 2021. Almost 1,000 students, graduates and alumni of Frankfurt School networked virtually in over 2,000 online sessions with about 80 companies. Career Services will offer the best of both worlds with an on-campus career fair followed by a virtual Career Day.

## 3-DAY MODEL

The Master of Finance, Master in Management and Master in Applied Data Science offer the 3-Day Model, which is exclusive to Frankfurt School. The 3-Day Model allows you to study a full-time Master on only three days a week. This leaves you with three working days to work part-time, engage in extra-curricular activities and self-study.

## Your professional network - participating companies at the FS Career Day 2021

# PERSONALISE YOUR STUDIES

In semester 4 you will have the choice between 2 electives, study abroad or our Entrepreneurship module. This gives you the chance to learn and explore new areas outside of your programme.

## Entrepreneurship module

The Entrepreneurship module gives you the opportunity to generate innovative business ideas, test the viability of a business opportunity and acquire the right mindset needed to make critical decisions in the context of high-risk startups.

Through hands-on workshops and in-class exercises, experts from Frankfurt School and our partner company TechQuartier, will give you access to digital learning materials and resources. With academic and industry experts from the startup world as your guides, you will attend relevant events and further develop your network.

## Study Abroad

You have the opportunity to complete your 4th semester abroad at one of our 90+ partner universities worldwide. This way, you get to be fully immersed in a new environment by pushing your boundaries and developing skills required in the ever globalising business world.

## Electives

Our Master of Finance, Master in Management and Master in Applied Data Science share an elective pool where you can take electives relating to topics from any of these 3 programmes. Current topics include:

- Blockchain
- Intercultural Management
- ESG Investing
- Fintech Module in Madrid

and many more. You can find a full list of current electives here:

➔ [www.fs.de/home/programmes/master/Electives](http://www.fs.de/home/programmes/master/Electives)

# ENTREPRENEURSHIP CENTRE

**More info**

➔ [entrepreneurship-centre.fs.de](http://entrepreneurship-centre.fs.de)

Are you interested in Entrepreneurship? Do you have an idea that you want to develop? Our mission is to inspire and connect alumni, students and entrepreneurs and provide training within Frankfurt School.

## Incubator

Do you fulfil all criteria to become part of the Incubator? Then you can look forward to long-term dedicated support in any phase of your Start-Up. Not only will you get access to our FS Entrepreneurship Co-Working Space, but also all the assistance for you to manifest your vision and turn it into reality. In a collaborative process, we will find suitable Business Coaches and Mentors who will help you along the process. We are working in an agile manner to bring you forward in the best and most efficient way. Use this chance to learn and grow your network, and hopefully get the investment you desire. Apply now and start your journey.

## Accelerator

You want to start, and you want it now? Maybe our Accelerator programme is exactly right for you. With our six to eight-week Full-time Programme, you will boost your Start-Up the way you need it. Starting with our Mentoring Sessions you will be provided with diverse feedback that builds the base for your acceleration process. In the next step, your team, one dedicated Mentor and the FS Entrepreneurship Team will work on Strategy, Business Plan and KPIs. After that – the work starts. Your team will be preparing everything for the pitches in the final week of the Accelerator programme.

 Incubator	 Accelerator
Long-term Programme	6/8-Week Programme
Individual Meetings	Full-time
Dedicated Mentor	Intense Coach Rotation
Year-round	Summer/Winter Breaks

# INVEST IN YOUR FUTURE

**More information**  
➔ [fs.de/scholarships](https://fs.de/scholarships)

## Financing your studies

All applicants may apply for a scholarship in the online application. Scholarships cover a partial amount of the tuition fee for the respective programme.

### FS Scholarship

The FS scholarship is merit-based and considers extracurricular activities, social commitment, intercultural skills, international experience, professional experience and academic performance.

### KPM Scholarship

A total of one million euro has been donated by Prof. Dr. h.c. Klaus-Peter Müller (KPM) in order to support German students with outstanding profiles on a needs and merit basis.

### FIRM Scholarship

Frankfurt Institute for Risk Management and Regulation supports the Master of Finance students who take the Risk Management concentration. Members of this concentration will have the opportunity to win the monetary Risk Management award, which is presented during the graduation ceremony.

### Scholarship for Armenian Students

From now on talented Armenian students have a great opportunity to focus on their education without worrying about tuition fees. Frankfurt School in collaboration with Vahe and Bella Andonians offer a limited number of merit-based full tuition fee waivers for Armenian students.

## Lifelong Learning

Starting the weekend after the graduation ceremony, Frankfurt School will be offering four weekend workshops, one per semester over the following two years so students can benefit from continually developing their knowledge and experiences. The weekend workshops will be hosted on both subject-specific topics as well as soft skills development. You will have an opportunity to enjoy a weekend with your classmates, esteemed guest speakers and representatives from Career Services, Alumni Relations, Programme Management, Marketing and Executive Education. More details will be provided prior to graduation.

Frankfurt School offers you continuous support as alumni on your mission of Lifelong Learning; you will receive notable benefits when you return for further education including the following:

**50%** discount on Executive Education Programmes  
**10%** discount on another degree programme

**Learn more**

# YOUR APPLICATION

**1**

## Requirements

- Bachelor's degree with a minimum of 180 ECTS and transcripts (if not in English or German, a certified translation is required)
- Proof of English skills (TOEFL, IELTS or equivalent)\*
- GMAT, GRE or alternatively you can take one of our internal tests
- Supporting documentation for relevant professional experience and/or other extracurricular activities, if applicable
- CV

## Deadlines

You can submit your application from September onwards. Please keep in mind the following deadlines for admission:

**30 NOVEMBER**

**EUR 4,000**  
(First Early Bird tuition discount\*\*)

**31 MARCH**

**EUR 2,000**  
(Second Early Bird tuition discount\*\*)

**30 JUNE**

**Final application**

**30 JUNE**

**Final scholarship application**

**3**

## Assessment Centre

Upon successful assessment of your application, we will invite you to an interview and if necessary, to take the Frankfurt School Admission Test on campus or our online admission test. Interviews can take place on campus or online.

## Admissions & Scholarships

Students are admitted on a rolling basis, meaning the earlier you apply, the earlier you will receive an answer. Following the admission decision, the Scholarship Committee will review scholarship applications. To be considered for a scholarship you must complete the relevant section within the online application.

**5**

## Enrolment

\* If you have completed your entire Bachelor's degree in English, you will be eligible for a waiver.

\*\* You must have received an admission letter by 31 March and 30 June respectively

# MASTER IN FINANCIAL MANAGEMENT

“Frankfurt School is famous for its Finance education, and as our reputation and rankings increase, so does the interest in our programmes. We are excited to launch a programme specifically designed to allow students from non-business studies to transition to finance and benefit from the years of expertise our finance community will leverage in the Master in Financial Management. This programme will allow students to gain core business competencies, develop quantitative skills and become leaders in the financial industry.”

**Diane Morrison**  
Programme Manager  
of the Master in Financial Management

### Programme structure

The first semester will be structured over a 5 day week, allowing students to attend lectures and be supported with **applied tutorial sessions**. This structure will support a comprehensive experience for students to gain core competencies crucial for the success of the programme and in their careers. In the second semester, students will transition to the traditional 3-day model our master students enjoy. The 3-day model supports students by allowing them to study 3 days a week, gain practical experience alongside their studies and have time to be involved in on campus extra-curricular activities. The fourth semester will allow students to study **entrepreneurship**, gain international experience **studying abroad** or participate in the **electives** offered at FS.

### Hands-on experience

Coming from non-traditional backgrounds, gaining **practical experience** during your studies is invaluable to your future success upon graduation. 6 ECTS will be given for working student positions or internships taken during any time of your programme, alongside your studies or during summer break.

### International perspectives

Students of the Master in Financial Management will travel as a group to a European city to experience the world of Finance outside of Frankfurt. In past years, Frankfurt School students have travelled to Luxembourg, Brussels and Lisbon. We look forward to continuing on this tradition with a new group of students! The purpose is to **expose students to the EU’s socio-economic and political affairs** and expand their knowledge about sustainable finance, climate change and the UN’s Sustainable Development Goals (SDGs).

### Develop your skills

The Master in Financial Management will incorporate the teaching styles of accomplished academics as well as successful professionals working in your future fields. Along with traditional lectures, students will study in an **international environment** focusing on developing **strong academic competencies**, and with the use of case studies, group work and presentations, students will **expand their practical know-how** and **develop their soft skills**, crucial to any career path.

# MASTER IN MANAGEMENT

MASTERS IN  
MANAGEMENT  
2022 RANKING

“Some of the highlights of the MiM programme at FS are the industry-oriented classes, which include real-life case studies and group projects, company guest speakers and professors with industry experience. This prepares students for early careers with high levels of responsibility and fast trajectory towards senior management roles. The strenuous schedule students face is offset by a great campus community and dynamic student life.”

**Tatjana Tokovic**

Serbia  
Master in Management Class of 2022  
Corporate Strategy at Beiersdorf

## Choose between four concentrations

Data & Business Analytics

Digital Business, Technology & Operations

Strategic Communication & Leadership

Global Strategy

Optional Dual Concentration:  
Entrepreneurship

### Practical relevance

You will be working on **cases studies** regularly, provided by representatives of well-known companies such as Procter & Gamble, Nestlé, Commerzbank, Deloitte, EY and Zeb. By conducting case studies related to business analytics, strategy formulation, innovation, stakeholder analysis etc., you will be enabled to execute thorough analysis on real-world business challenges and formulate innovative solutions to those problems.

There is also a component on **Experiential Learning** where students work with company partners on projects related to their concentration under supervision of practitioners, leading the modules. This practical experience enables students to network with future employers and get insights into various industries.

Additionally, **excursions, company visits** and **guest speakers** allow our students to gain in-depth management expertise.

### The whole world in your classroom

The Master in Management allows you to experience the challenges and advantages of studying in an international environment. In addition, you will be exposed to other leading business schools, enriching your studies through **trips** and allowing you to build your **international network**. These Study Trips are also a part of the experiential learning modules.

We also welcome students from a wide variety of educational and professional backgrounds. Having **diverse perspectives** contributes to innovative and engaging classroom discussions.

### Sustainability and Ethics

Sustainable business development, ethical and responsible decision-making are integral parts within the curriculum. The Master in Management Faculty integrate these topics into their teaching materials through special assignments, case studies or company projects as part of every core and concentration modules.

# MASTER IN APPLIED DATA SCIENCE

#12

Worldwide

#1

in Germany

“The academic knowledge that I am gaining during my studies can really be applied immediately in the industry. Juggling my life through work and study for five days of the week indeed gets stressful, but when looking at the big picture, this will make me a better professional. The leap of faith that I took while moving to Germany turned out in my favour. Like how they say, sometimes the most uncertain path leads you to the most awaited destinations.”

Shivam Agrawal

India

Master in Applied Data Science Class of 2023

Working student at SAP

Technical Modules
Algorithms & Data Structures
Machine Learning
Databases and Cloud Computing
Deep Learning
Natural Language Processing
AI & Humanity

One foot in the business world

The Master in Applied Data Science equips you with the technical skills companies are looking for. By applying theory to real-life cases throughout your studies, **you learn how to enhance business processes, combining methods based on mathematics, computer science and business management.**

Throughout the third semester you will work in small groups on a data science project from start to finish, gaining end-to-end, **hands-on experience.** You will collaborate directly with some of our leading partners such as Moodys, Deutsche Borse Group, ING, PWC just to name a few. This Cooperation Company Project gives you exposure to real-world business problems to better prepare you to enter the job market.

AI Lab

The AI Lab is a 290m² creative space, equipped to be a real hub for projects and topics ranging from Machine Learning and Deep Learning to image recognition and natural language processing.

Think differently

Frankfurt School’s academic professors and business professionals will expose you to contemporary and future data science trends and techniques. You will learn how to apply machine learning methods, algorithms and mathematical modelling to solve business problems, whilst addressing the latest research and industry trends affected by artificial intelligence.

Grow with your peers

Each and every student is actively engaged in class discussions and can contribute their prior knowledge and experience. **Be confronted with view points from all over the world by being immersed in a highly international environment.** We propose a small class for an optimal learning experience. You will develop one-on-one relationships with your classmates and professors.

MASTERS IN FINANCE  
2022 RANKING

#27

Worldwide

#2

in Germany

“The lectures in the Master of Finance provided me with an excellent foundation for setting foot in the financial services industry: Frankfurt School’s outstanding professors established valuable links between theoretical knowledge and up-to-date challenges from practical work with a hands-on mentality.”

**Tobias Biesenbach**  
Germany  
Master of Finance class of 2021  
Associate Financial Services Deal Advisory at KPMG

Choose between five concentrations

Sustainable Finance

Corporate Finance

Financial Advisory

Capital Markets

Risk Management

Optional Dual Concentration:  
Entrepreneurship

**Partnership with GARP, FIRM & CAIA**

The Master of Finance is **an official partner of the Chartered Alternative Investment Analyst Association**. Students have access to CAIA Association’s curriculum in order to successfully become a Chartered Alternative Investment Analyst. The Master of Finance is the first programme in Germany to be **accredited by the Global Association of Risk Professionals (GARP)**. The Risk Management concentration students can apply for the FIRM scholarship and win the monetary Risk Management award.

**International trips**

Students have the opportunity to join **short study trips overseas** as part of their studies. The purpose is to expose students to the EU’s socio-economic and political affairs and expand their knowledge about sustainable finance, climate change and the UN’s Sustainable Development Goals (SDGs). Our students get to **exchange their ideas with experts** and renowned academics in the relevant fields from highly ranked partner universities as well as networking with FS Alumni and potential employers.

**CFA University Affiliation Programme**

As a member of the CFA Institute University Affiliation Programme, our Master of Finance **incorporates at least 70% of the CFA Programme** Candidate Body of Knowledge (CBOK). Through participation in this programme, Frankfurt School is eligible to award student scholarships for the CFA exam each year.

**Finance Lab**

**Access to Bloomberg and Reuters terminals** provides you with an opportunity to analyse the real-life financial market. Students will make use of the **Finance Lab** for various in-class assignments and case studies as well as taking part in the Bloomberg Markets Access Training.

**Business / Immersion tracks**

The Master of Finance programme offers **two tracks**. Those students who already hold degrees in finance, business or economics are welcome to apply for our business track and we also invite candidates with degrees in unrelated fields to apply for our immersion track.
